TRAIN & CO., of Boston, inform those who take an interest in the welfare of immigrants, that as owners of the only LIVERPOOL and BOSTON LINE OF PACKETS, they have determined that their immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The thousands of letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by these Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. They possess all the modern improvements which contribute to safety, comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and no expense will be spared in attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America. As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practised there, they believe that those who prefer to pass the season of the year when the ice is being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet ships, and in this way avoid the disrespect, annoyance and delay which they may experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. TREGELLAS MATHEW, D. D., of Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

NOTICE TO BUSINESS MEN.

The circulation of the DAILY SENTINEL is by far the LARGEST of any daily paper published in the State; and presents greater advantages to Merchants, Mechanics and Professions, as a medium of Advertising.

All Advertisements appear in the Tri-Weekly *Sentinel*, and at no additional charge.

The *Weekly Sentinel* has now a circulation of over two THOUSAND copies, which is constantly and rapidly increasing. Advertisements put in the Weekly at the same rates as in the Daily.

Price of the Daily $3.00, of the Tri-Weekly $3,00 and of the Weekly $1.00 per year, *payable in advance*.

Another Arrival.

The *Arabia*, with Liverpool dates to January 21st (one week later) arrived at Halifax Saturday morning, and the news she brought was issued in an extra from the *Sentinel* Office the same afternoon. Breadstuffs have again advanced, and Consols declined, alike symptomatic of impending war. All Europe waits with trembling anxiety for the answer of the Czar to the last note of the Four Powers. Upon that, it is said, hangs the question of Peace or War. We guess, hangs the question of Peace or War. We think that Russia has made up her mind to fight.

It will be seen that the New-York market advanced considerably under the influence of the *Arabia*'s news.

From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Feb. 2, '54.

I have neglected to mention that a joint resolution has been introduced intended for a plain expression of the opinions of the people of this state relative to the iniquity which sundry aspiring demagogues at Washington are endeavoring to consummate relative to the new territory of Nebraska. It may be that their "vaulting ambition will o'erleap itself" and that if the sentiments of the northern people can be made speedily to reach their representatives, the political sharks may yet be frightened from their prey. At all events, it is eminently proper that Wisconsin, one of the States to which the ordinance of 1787 applied, and to which the Missouri Compromise proposed to associate, in due time, a free slaveholding territory beyond the Mississippi—should speak out her sentiments in unmistakeable terms, and that soon.

A bill, some time ago introduced and referred to a committee, proposing to make a certain class of papers *sole papers*, has been reported back adversely by that committee.

A remonstrance has come down from the upper Wisconsin against the building of a bridge at Sauk city, as likely to interfere with the rafting of lumber down the stream. It was presented by Mr. Wright, on behalf of Mr. McIndoe, who is owner.

A joint resolution has been introduced relative to the manner of electing President and Vice President.

Mr. Webster introduced a bill authorizing a levy of a special tax in the 5th ward of our city.

The act of last winter, allowing the 3d ward to issue bonds for the erection of a market house was repealed this morning, so far as the Senate's action was concerned. It is yet to be passed upon by the Assembly.

The Judiciary Committee has reported in favor of the passage of the Senate bill repealing the act of last winter relative to bills of exchange, and promissory notes.

The Senate did a great business this morning in the way of "clearing its table"—a fancy mode of legislation, meaning the reading of bills by their titles, as a general definition—intending to take holiday from to-morrow at 9 A. M., till Tuesday.

The feature of chief interest in the Assembly this morning was a speech by Mr. Orton, mostly in relation to the doubts which have been entertained and expressed of his political orthodoxy.—The subject was introduced by a report by him, as chairman of the select committee on the list of borrowers from the school fund. The report was to the effect that the committee had made an abstract of the document, showing that about $167,000 has been loaned out, on all but some $5,000 of which the interest has been paid—that the committee recommend the printing of this, and the passage of a resolution directing the Attorney General to prosecute the delinquents.

Mr. Orton proceeded to say, in substance, that he regarded it as very improper to print and publish to the world the names of these borrowers from the fund, because no good end would be subserved by it. It would not secure payment, but would be a personal reflection upon the defaulters.—The laws give the Attorney General the power to proceed in the collection of state dues, so that if borrowers are in default, the means are ample for their pursuit. Creditors have a way of publishing sometimes that they will sell the accounts of their debtors who may be behind hand. He regarded this as an insult, the meanness of which language was insufficient to describe. The creditor can sue his debtor, and obtain judgement and execution: and so can the state. In looking over this list, he had been surprised to find on how large a portion of the loans the interest has been promptly paid: as to the balance, it need not remain unpaid, but the Attorney General is bound to prosecute the matter, and it would be an act of meanness on the part of the state to publish the names. If any one could show a single good reason why it should be done, he would submit. In connection with this subject, he had noticed an attack upon himself in the public press, and that his conduct in relation to it was made a test of his political integrity. If he thought that his politics were so involved, he would feel bound in honor to abjure politics forever. Politics were often dragged in where they had properly no place. A species of small politics, such as would prevent a man from selling a horse to an opponent, did exist: but he had no such feeling. He was a man of no measure agitated here during this session involving party politics. When such a subject should come up, he would be found *right*. He had not changed his political opinions, nor swerved from them, and never should. He should stand up for the old issues of the whig party, believing it right; and he should stay a whig, refusing to leave the party, even at the request of the editors of whig papers.

He went on to say that *he* saw no cat under this meal bag. This list was not such a one as would satisfy the people as to the security of the fund. He would not join or aid in any attack upon the state officers, unless the evidence against them is indubitable. They represent the honor and integrity of the State, and should not be attacked under less evidence.

Gen'l Crawford said that, having belonged in the office of his life to but one party, he could not appreciate all the remarks of Mr. Orton; but he thought that, inasmuch as many persons had brought money here to pay, and could not do it on account of the crowded business of the office they ought not to be prosecuted.

Several other members made allusion to the same supposed objection, when Mr. Desmoyers stated that the delinquents were for former years, and none, he believed, since '53.

Mr. Joiner moved to refer back the matter to the committee with instructions to examine as to the security on these delinquent loans.

Mr. Orton objected that it would take 6 to 9 months to obtain such a report. For himself he would not be willing to report without a personal examination of the lands.

Mr. Joiner replied that if the securities for this $6000 are so difficult of examination the school fund must be in a deplorable state, and the people ought to know it. The reference was *lost*.

The morning hour expired about here, and the Assembly proceeded to other business.

I have above given a very full sketch of Mr. Orton's remarks, being desirous to give him full opportunity of setting himself right; and he ought to be, and I presume is, very much obliged to me for giving him occasion to "define his position." I expressed not only my own opinions, but those of nineteenths of the opposition members of the Assembly,—opinions formed from nothing less than observation of the course and tone of his speeches and votes from the beginning of the session; and if he has got a bad name, it is only from being found in bad company. Whether his declaration of to-day shall seem to have arisen from absolute consciousness of innocence of any tendency towards "democracy," or from inability to perceive any error in the past, we can best know some weeks hence. Meantime, making notes of daily occurrances here, I may, perhaps, give other members occasion to define their position. Who knows?

As to the report and argument of Mr. Orton, as to printing the list of borrowers, I still think them wrong. They start on the supposition that to borrow from the school fund is a disgrace to a man, and that the publication of their names would be the exposure of some disgraceful acts on their part. I do not so regard it. The Constitution and law contemplate the loaning of these monies to citizens as a straight forward and honorable investment of the fund; they giving full security therefor. It is a fair business transaction, if fairly conducted, and no more a disgrace to the borrower than to the lender—the state. This being so, why not publish the list? When the people come to know who and where the borrowers are, they can judge as to the safety of the fund—a fund whose condition is doubted by a great many—a fund about whose sacredness the Executive speaks plainly—a fund which, it is distinctly charged, is and has been used for years as a special deposite for the accomodation of one school of "democratic" politicians, to the exclusion of every body else most religiously. I think this list would be most decidedly interesting to the people, and can't see that its publication is at all a parallel case with that of advertising delinquent, or runaway debtors. More of this to-morrow, if the subject comes up.

A large batch of bills was now passed, a list of which I will send you.

Nearly the last of the list, came up the bill which provides for the publication of the general laws of each session in all of the weekly newspapers of the State, within 2 months of the close of the session. The bill has passed the Senate.—Mr. Webster moved its reference to the Judiciary Committee.

Mr. Noggle opposed the reference, urging that nothing was to be gained by delay—that it was a general complaint that the people knew nothing of the laws passed here—that he believed the measure would be satisfactory and beneficial to the people.

Gen'l Crawford has the credit of starting the opposition to this bill, by suggesting that it would interfere with the State-printer's contract!

And Mr. Knowlton, who the other day did such a famous day's work in proving that the ordering of some thousands of documents for the State was *not* a violation of the constitution, now struck in upon the Gen'l's lead in good earnest, to prove that the act of authorizing the publication of the laws in newspapers *would* be unconstitutional! He thought it might be safe to order a sufficient number of papers of the State-printer.

Messrs. Orton and Remington also opposed the bill, and it was laid over till Monday.

Query? Was it unconstitutional to publish the bank law in the papers of the State?—Was it unconstitutional to publish the law relative to the circulation of unauthorized bank paper? The statute requires that the laws shall be published in a newspaper printed at the seat of government, and there is no contemplated interference with that provision. We shall see whether the people are to know what laws are published. The great state of New York, under a like constitution, pays $50 to each of two newspapers in each of her 60 counties for the publication of her laws, and her example is safe to follow. But no example is needed. It is a burning shame that the people of Wisconsin cannot be permitted to see the laws which are passed by their representatives.

The afternoon was spent in discussing the bill which proposes to amend the charter of the Kenosha Railroad so as to allow of a county vote for aid. As last winter, the city representative (now Mr. Hale—then Mr. Sholes) favor the bill, and urges it forward, while the representative from the western county towns,—Mr. Hooker—opposes it. So this afternoon as the bill reached the committee, a motion was made by Mr. Hooker to refer it to the delegation from Walworth, and then the fight began, and waxed warm, continuing till the adjournment, Messrs. Hale, Bartlett, Wright, Hooker, Lake, and others participating, but the passages being particularly interesting between the two Kenosha representatives. A motion finally prevailed in committee, to postpone the bill for eight days, but before it could be reached in the House, the adjournment came. Of course there can be no more discussion till Monday, under the rule.

I notice this evening the article in the *News* relative to Orton. I don't believe, and won't believe, any such thing, till compelled to. If any one has been particularly opposed to, and foremost in thwarting, the schemes of the "Monk's Hall Clique," it is Mr. Orton, and I cannot conceive such a complete and radical change as all that the *News* charges should be possible in so short a time.

W. H. W,

LOANS FROM THE SCHOOL FUND.—Great squeamishness is exhibited at Madison about publishing the list of the loans from the School Fund, the names of the borrowers &c. Whether this is affected, or real, we cannot say; but it ought not, in either case, to prevent the publication. The Fund belongs to the People and they have a right to know how it has been invested and to whom loaned. After all the current reports of favoritism, improper applinnces &c, in the management of this Fund, it seems to us that the State Officers should court, as the People certainly expect the fullest publicity.

LAND GRANTS TO R. R. COMPANIES.—The *Jeffersonian* of last week has an able and conclusive article against squandering the Public Lands upon Rail Road Corporations. The great majority of the press and people of Wisconsin are utterly opposed to such a disposition of the Public Domain. But their opposition will avail nothing. Our Legislature is dumb and Congress deaf. The Rail Road Speculators and Land Monopolists control both and will obtain the grants which are to enrich the few at the expense of the many.

A RESTING SPELL.—The Senate, after three weeks or so of laborious legislation, have taken a four day's holiday. The Assembly, following suit, have given themselves "leave of absence" for three days. Both Houses patriotically resolved to take pay while thus absent from duty. Here is the first instalment of the "Retrenchment and Reform" promised us under our new State Administration.

A LARGE CASTING.—A cylinder was cast at the Menominee Works on Friday for the Propeller Westmoreland, weighing three thousand two hundred and fifty pounds. This is as far as we have been able to learn the largest cylinder cast west of Buffalo, tho' not the largest common casting.

QUAILS.—We saw on Saturday some quails at an office, consigned to a gentleman who it is said helped make the game law last winter. The quails, we have no doubt, had been killed since the last day of January; if so the example set is a bad one; a *reed* should not be broken with impunity.

SALE OF A PROPELLER.—The Buffalo *Express* of the 1st instant says that Messrs. STERNBERG & Co. and Captain GEO. H. BRYANT, have sold the Propeller Saginaw to Messrs. MANN, FAIL & Co. We do not know the precise figures paid but they are understood to be something over $20,000.

DEATH OF HON. E. B. WEST.—We regret to learn that Dr. E. B. WEST, late Senator from Waukesha County, died at his residence in Waukesha on Friday evening last. He had been sick for several months.

QUERE—JUST IT?—Some two weeks ago when the democratic majority in the Legislature wished to give out a snug little six thousand dollar printing job to certain favored party journals, some unsuspecting members pointed to the clause in the Constitution requiring all printing for the State to be done by contract. Whereupon the Judiciary Committee, under the lead of that distinguished hair-splitter Mr. KNOWLTON, proceeded to instruct the House, that printing ordered for or by either branch of the Legislature was *not* for the State, and therefore could be done where by whom and at what rates they pleased. The Constitution and the contract with the State Printer to the contrary notwithstanding. The House was charmed with this novel process of getting round the Constitution and straightway ordered the job. Last Friday comes in a bill from the Senate, authorizing the publication of the General Laws in all the Weekly papers published in the State, at the extravagant sum of $30 per annum for each paper so publishing. This being intended for the benefit of THE PEOPLE, and not of party, or party hacks, the Constitutional scruples of certain members were instantly and keenly excited, and the bill objected to and for the present thrown over, as violating the Constitution and infringing the State Printer's contract. We trust our readers take the point clearly. It is perfectly constitutional and no wrong to the state printer to order of a half a dozen good party papers round the State, in as many different languages, any given amount of documents at high rates of pay; but it is a positive and quite intolerable breach of the Constitution and the State Printer's rights to authorise the publication of the General Laws in all the newspapers of the State at a nominal sum that would not even pay for the ink used!

Nebraska--Slave or Free?

This question, started by Senator DOUGLAS, in the face of the Compromise and at the risk of dissolving the Union, so recently and happily "saved" by the election of President PIERCE, begins to engross public attention. The excitement on the subject is rising fast and far. Rhode Island has filed her unanimous protest against permitting Slavery in Nebraska. New York city, without distinction of party, has declared against it. The Free States everywhere are preparing to speak out on the subject. In our own Legislature, Mr BARTLETT has introduced joint resolutions, urgently requesting our Senators and Representatives in Congress to oppose the passage of any bill, permitting the introdnction or establishment of Slavery in Nebraska. These resolutions, or some equivalent expression in behalf of the People of this State, should be adopted at once and transmitted to our Member of Congress. There is no time to be lost, if we would prevent the contemplated wrong.

STATE MEDICAL SOCIETY.—The Annual Meeting of this Society was held at Madison on the 26th ult. The officers elect for the coming year are A. L. Castleman, President; D Cooper Ayres, 1s' Vice President; Azel P. Ladd, 2d Vice Pres't; G. D. WILBER, Secretary; Joseph Gray, Treasurer; Dousman, Favill and Van Dusen, Censors. Delegates to the Medical Convention at St. Louis next May, Drs. Dousman, Mitchell, Van Dusen and Favill. To deliver the next Annual Address Dr. Van Dusen.

MESSRS. EDITORS.—Why ought not the people of this City, and State, who are now reaping the blessings of the Ordinance of 1787, by which Slavery is forbidden to pollute our soil, to speak out on the subject of the new effort, made by the Slave Power, to extend its sway over countries now free?

The voice of our citizens, whether seconded as it should be by the Remonstrance of the Legislature, or not, would strengthen the hands of our Senators and Representatives in resisting this atrocity, and as one of the evidences of public sentiment at the North, may assist, in other respects, in defeating it. Will not some one start and circulate a call for a public meeting at an early day on this subject? SILVER GREY.

Spiritual "Circles"—The Cases of Messrs. Pratt and Mrs. Spalding.

Messrs. Editors:

Now that the excitement produced by recent events has a little subsided and the community are in a condition to listen to truth, I solicit a small space in your columns to correct the falsehoods furnished by your correspondent "Melancthon."

That there are circles held in our city every week, is true, and is the only truth contained in the article. Ten o'clock is the latest moment that a circle has ever been held, and they have usually ended at nine, or half past nine. Truly none but a mad man would charge such gathering with keeping unseasonable hours. But Melancthon seems to have no tears to shed over the daily fashionable parties, in which mothers are kept from their families till 12 or 1 o'clock at night. His mourning is all reserved for the suffering families of those who occasionally attend a circle till 9 o'clock. Melancthon meanly *hints* at strange and disorderly conduct in the circles. I assert that our circles have always been conducted with the strictest propriety, as a number of our most respectable citizens, professional and business men, and women, whose character and standing Melancthon will not not dare to question, can testify. I, too, say "let the eyes of the community be opened," not to falsehood, but to the truth. In respect to the charge that mothers and wives have been *induced* to leave their families to attend circles, it is utterly untrue. I well understand the case alluded to, and if a full explanation of it were to be made public, it would place him who hides himself under the honored name of Melancthon in no very enviable position, either intellectually, or morally.

In regard to our respected fellow citizen, Mr. Pratt and his son. The son has never attended but one circle in this city, and that was at the request of both his father and mother for his special benefit. According to the mother's statement he had then been deranged about ten days, in consequence of an injury of the head long before which has produced severe head ache and other disturbances, at various times since. I saw him at the commencement of the circle. He appeared deranged. There were four mediums present, neither of them knew anything of his condition till that time. But they immediately perceived his condition, were attracted to him, and influenced to apply water and manipulations to his head till he became perfectly calm and went into a quiet sleep.

In about half an hour he awoke perfectly rational, and if he could have remained under a treatment as well adapted to soothe a disturbed brain, he would have continued rational.

So much for circles making *him* deranged!

As to the father, he has attended but very few circles. I have seen him frequently, and conversed with him freely, up to this time, and consider him vastly more sane than many who are crying about his insanity. He is, undoubtedly, a medium, and that is all. But medical jurisprudence, I believe, has not yet decided that all mediums are insane. When it does, and when all such are to be imprisoned, at least a hundred and fifty of our respectable citizens, male and female, will be transferred from their families and business, to the jail. And more—many a merchant, throughout the whole country, will be taken from behind his counter, many a lawyer from the bar, many a judge from the bench, and many a clergyman from the desk, and transferred to a cell.

In regard to the article on Church Disturbance, I have to say that it was generally, a misrepresentation; but I only care to correct two errors.—1st. My wife has never predicted, nor has it been predicted by any medium, that she would speak in all the churches of the city. 2d. When to the church, and while there, she was going to ... of any human being. not under the influence o...

Yours, for the truth,

The Secretary complains justly, that the Legislature has not yet seen fit to provide a remedy for the unequal and unfair system of assessment in this state, which he says comes now to be only a contest among the counties to see which can make the lowest. The State Board of Equalization has proved to be useless. Mr. Robinson says:

In the last Report of this department, suggestions were made with the view of forming a plan for a remedy of these evils, and I take the liberty of again calling attention to them, not as specifics for a very obstinate disease, but as incipient steps which may lead to the ultimate correction of the difficulty. If the Registers of Deeds in the several counties were required each year to return to this department an abstract of the conveyances of land during the year, setting forth the descriptions with the prices sold for, a very reliable means, beyond the influence of the assessors, would be furnished for getting at the real value of property, in the several counties. With such data at hand, the Board of Equalization would find comparatively little difficulty in determining the correctness of assessments. If with this plan another one was combined, requiring the assessors to include in their returns a schedule of acres tilled, amount of grain raised, together with its net value in their several districts, a very important and valuable aid would be rendered towards the same object, and the State would be in possession of statistical information regarding its own industrial interests, which could be procured in no other manner, especially personal

Another Murder--Arrest of the Murderer.

Another murder was committed on Wednesday night last, by a man named Wm. Murphy, a Rail Road laborer, working, we understand, on the R. R. near Stoughton. The name of the man killed we have been unable to learn; he is said to be a Norwegian. It appears that Murphy had been drinking and got into a quarrel with the deceased, in Hubbard's Store, at Stoughton, Dane Co. They were separated and Murphy was taken to his shanty. After that he returned and with an axe handle struck the deceased a number of blows and left him insensible. The man died a short time afterwards. Murphy came into town and on Saturday morning was arrested in the street, on Walker's Point, by Deputy Sheriff Beck and Sheriff Page, and locked up in jail.

BROKE JAIL AT WAUKESHA.—We received a Telegraph Despatch late on Friday night informing us of the escape of two convicts from the *Waukesha Jail*. Escapes from that jail are not uncommon, those escaping of late being captured by our Milwaukee sheriffs. The two who escaped this time are the notorious *Zimmerman* and the man who was arrested in bed at the Sacramento House for a burglary committed in Oconomowoc. Our readers will remember that this is the second time that Zimmerman has escaped, the first time he was recaptured after a desperate fight by deputy sheriff Beck and taken back to Waukesha by Beck. The reward offered at that time was $25, a portion of which was paid in money, and the balance in Waukesha County orders, which is not quite the thing in paying a promised reward.

SOMETHING TO HIS ADVANTAGE.—Mr. EDWARD EASTMAN P. M., at Oshkosh wishes to know where NATHAN POWELL, late of Manitowoc, is and desires the *Courier* to say that if said Powell will call upon said Eastman, he will hear of something to his advantage.

FIRES IN NEW YORK.—From Saturday morning, January 28, to Monday morning following, in forty-eight hours, there occurred in the city of New York seven fires, by two of which at least one hundred families were rendered homeless.

City Matters.

Police Court. Feb 4.

The case of the State vs. Joseph Meyer was adjourned till this morning at 9 o'clock.

A man named Martin Humann came in for advice, stating he had bought a drawing knife from a Hardware firm, who had warranted it for thirty days, against being soft and free from flaws and that they refused to take it back, now it was broken. The court suggested to the man to go again to the hardware merchants, that they would doubtless do what was right in the matter. A gentleman present suggested that this was perhaps the kind of warranty that the President had given. Although he had gone into office, *hard*, he had been found to have flaws often, after being in awhile, and nobody was responsible for the warranty.

The case of the state vs. John Kline *et als* was adjourned till March 4th at 10 A. M.

A warrant was issued against John Brehn, on complaint of his wife Mina Brehn, for threatening to kill the complainant. The complainant stated she was in dread of her life; her husband was continually getting drunk and then beating and threatening to kill her and burn up the house. The warrant was issued and given to Constable Nauman for service.

LECTURE TO-NIGHT.—Ralph Waldo Emerson lectures before the Young Men's Association this evening in Youngs Hall. Mr. E. is more widely and favorably known throughout our country as a lecturer and writer than almost any man in it. Nor is his reputation confined to this country alone—he has lectured abroad with marked success; and one of the most eminent English writers, in an essay written for the Edinburg Review, pays the following beautiful tribute to his talents as a popular lecturer:

"His lectures, as to their substance, are very comprehensive. In small compass, masses of thought, results of long processes, lie compact and firm; as 249 pence are calmly in one bright round sovereign, so do volumes manifold go to compose some of Emerson's short and Sibylline sentences.

"In his lecture on Napoleon, as we have already seen, he reduces him and the history of his empire to a strong jelly. Eloquence, that ample them, in like manner, he condenses into the hollow of one lecture—a lecture for once proved as popular as it was profound. His intellectual tactics somewhat resemble those of Napoleon. As he aimed at, and broke the heart of opposing armies, Emerson loves to grasp and tear out the trembling core of a subject, and show it to his hearers. In both of these lectures we admired his selection of instances and anecdotes; each stood for a distinct part of the subject, and rendered it at once intelligible and memorable. An anecdote thus severely selected, answers the end of a bone in the hand of an anatomical lecturer; it appeals to sense as well as soul. We liked, too, his reading of a passage from the 'Odyssey,' descriptive of the eloquence of Ulysses. It was translated into prose—the prose of his better essays—by himself, and was read with a calm, classical power and dignity, which made a thousand hearts still as the grave. For five minutes there seemed but two things in the world—the silence, and the voice which was passing through it."

We expect to see the capacity of Youngs Hall fully tested. Tickets at the Book Stores.

THE DRAMATIC COMPANY.—We forgot to notice the repeated play of the "Orphan of Geneva" and the laughable *farce* of the "Dead Shot?" by the Milwaukee Dramatic Company on Friday night. The Hall was not as well attended as on the two previous occasions, no doubt, owing to the short notice. The acting was better than that of previous nights, and appeared to give good satisfaction to those present. We understand the Company have, under rehearsal, an entirely new play, which they intend bringing out in a few days.

COMMERCIAL INSURANCE COMPANY. This new Insurance Company, organized last winter and commencing business in the spring, has had a prosperous season. At the meeting of the Directors on Saturday, the books were balanced and a dividend of *twelve* per cent declared. The annual election for Directors comes off this morning, at the office of the Company in Martin's Block.

VISITORS FROM MADISON.—Several Members of the Senate and Assembly, among them Senators ALLEN, MILLER, GRANT, BLAIR and MANTZ, Speaker HORN, Mr. EARNEST, and most of our own Members, arrived from Madison Friday evening, or Saturday. We hope they will enjoy their visit and holiday.

ORDEON, No. 3.—This "wide-awake" Company give their Annual Party at Young's Hall on Thursday evening next. They invite and expect the public in general and everybod, in particular to attend and enjoy themselves.

THE EGYPTIAN WIZARD.—This professor of Magic, who has been entertaining our Racine neighbors, is now on his way to this city and will give a number of performances here.

MONEY TO LOAN.—See advertisement of D. G. Power of money to loan and real estate for sale; lots on East Water Street &c.

DEATH FROM EXPOSURE.—On Tuesday morning, the 24th ult., Richard Bates, an Irishman, aged about twenty years, left Oconto for Green Bay, on foot. The next day, near fifteen miles from this place, his body was found on the ice, and from all appearances, life had only just left it. On account of some rumors or suspicions of foul play, an inquest, on the 27th, was held by E. A. Cooley, Justice of the Peace, which resulted in a verdict of death from exposure. This young man was a member of the Episcopal Church of this place. It seems that he undertook to walk from Oconto to this village, but not being familiar with the way, and the track being covered by snow, he got bewildered, and after wandering about all night, fell down exhausted and died.—*Green Bay Advocate.*

ARREST.—On Friday last, Mr. R. Fay of Chicago, sent a package of $500 to the firm of Fay & Eaton, produce dealers, of this village, by the hand of one Andrew W. Straw, a man who resides in Dodge County, Wis., and who has been buying produce in our streets for two months past. Straw arrived here late on Friday night, purchased a horse and buggy on Saturday morning, and in the afternoon left for parts unknown; with the money of Fay & Eaton in his pocket.

Since the above was in type, we learn by telegraph that Straw was arrested at Whitewater on Tuesday last,—*Beloit Journal, 2d inst.*

HALIFAX, Feb. 4.

Steamer *Arabia*, from Liverpool 10 o'clock Saturday, 21st Jan'y, arrived here this afternoon. She brings 79 passengers.

Collins steamer *Pacific*, from New York, Saturday, 7th, arrived at Liverpool Wednesday noon the 21st January.

Steamer *Golden Age*, from New York *via* Liverpool, for Australia, put into St. Vincents for coal and started again 19th Dec.

Up to sailing of *Arabia* no definite intelligence from St. Petersburg as to the decision of Czar in regard to last note of the Four Powers.

Europe was waiting with trembling anxiety the final answer of the Czar, which was apprehended would be of a character equivalent to declaration of war against England and France. His answer was hourly expected.

The imported tone in Cotton market at Liverpool reported by Asia had been lost, and prices had slightly declined in consequence of non-receipt of decisive intelligence from St. Petersburg. Most brokers quote a general decline in all kinds of goods, of two-eighths of a penny. Richardson & Brothers Circular, referring to Breadstuffs, quote a heavy market in fore part of week; but at close, there was a better feeling, and prices improved. Flour, Wheat and Corn sold on Friday at about the rates current on the 7th inst.—say western canal 43s 6d a 43s 9d. Baltimore and Philadelphia, 44s 3d a 44s 6d. White wheat 12s 6d a 13s. Corn was firm at rates current of 14 lbs. Gardner & Co' quote provisions firm and rather higher. Lard, a large speculative inquiry, and sales had been made at 58s.

The Manchester market unchanged. Bell & Son quote good inquiry for American Stocks.—Consols had greatly fluctuated during the week, was closed on Friday, 91¾ for money.

PROSPECTUS OF

Thos. H. Benton's Great Work.

THIRTY YEAR'S VIEW, of the workings of the American Government. Published by D. Appleton & Co., New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure of which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write a history of the times.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will contain upwards of 700 pages, and a superbly engraved portrait of Senator Benton.

Price $2,50, payable on delivery of the book.

The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARNEY; and the Agent will soon give an opportunity to persons living in the interior to do so at their residences and places of business throughout the city and county. jan12

Proof Positive—Skeptics, Read.—Testimony! Testimony!!

HAMDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used it in my practice, two dozen bottles or it, which I find of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, as well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard distressing cough, cured in forty-eight hours, by using the Lozenges one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has been at work ever since, laboring every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

MRS. WINSLOW TO THE LADIES.

Mrs. Winslow, an old and experienced nurse and Female Physician, would call the attention of the Ladies to her Soothing Syrup for Children teething. It will immediately relieve them from pain, allay all spasmodic action, and by giving rest and health to the child, will also regulate the Bowels. Depend upon it, Mothers, it will give rest to your selves and relief and health to your children.

Full directions for using will accompany each bottle.

We have sold very large quantities of Mrs. Winslow's Soothing Syrup, during the past six years, over 20,000 bottles the last year. We believe it the best medicine in the world for Children teething or for derangement of the Stomach and Bowels, whether it arises from teething or any other cause. It gives universal satisfaction—never heard a complaint from any one using it—never sold a medicine so universally liked by all. Those who once use it feeling confident that all others above stated if taken in season relief is *immediate* and *absolutely certain.*
